

My name is _____ and I am eighteen years old. I graduated from Halifax County High School in May of 2019 with my advanced diploma and most of the dual-enrolled credits needed for an AA&S degree from Southside Virginia Community College. During high school, I was involved in a numerous amount of things. I was a sideline and competitive cheerleader, I swam, I was a part of FBLA, DECA, and HOSA. I also took a CNA class where I earned my CNA certification. I took this class so I could get a feel of what it was like to be a nurse and decide if that is really what I wanted to be. I ended up enjoying the class, but I realized I did not want to be a CNA; I wanted to go further. This is why I am applying to the nursing program at SVCC. Being a nurse would help me give back to my community by helping others. Being able to help save the lives of people would be so rewarding. I hope to graduate with my RN from SVCC in 2022 and then go on and complete my BSN. With this degree, I hope to work either in pediatrics, or in an intensive care unit in a hospital. I have returned to Halifax from Longwood University and enrolled at Southside Virginia Community College/SVHEC in hopes to not only spend more time at home, but give back to my community. I have always held a passion for helping others and I have recently discovered that Halifax is where I want to practice my degree. Halifax has always been home and I am ecstatic to not only give back to my community by residing and working here, but also by pursuing my career in a place I have called home for 18 years. Thank you for your time and consideration. I look forward to hearing back from you!

To whom it may concern:

[REDACTED] is a student of mine at Halifax County High School in my dual enrollment Nurse Aide class. I have known her since August 2018 and thoroughly enjoy having her in my class. [REDACTED] is applying for a scholarship with your organization in order to assist with the funding of her higher education, and I recommend her for this scholarship without reservations. After graduation, [REDACTED] plans to further her education in the nursing field, which is a career that I feel is a good fit for her.

[REDACTED] is a well-rounded, well mannered, pleasant, and hardworking student that completes assignments on time. She cares about her academics and always puts forth her best effort when completing assignments. [REDACTED] understands the importance of higher education, and I believe she will be successful.

Along with maintaining her academics, [REDACTED] is a member of the co-curricular clubs HOSA (Health Occupation Students of America) and DECA (DISTRIBUTIVE EDUCATION CLUBS OF AMERICA) at HCHS. She also was a member of the HCHS Cheerleading Squad during her 9th, 10th, and 11th grade at HCHS, a member of the Swim team her 10th grade year, and a member of FBLA (Future Business Leaders of America) her 10th grade year. Outside of school, [REDACTED] helps with teaching younger girls gymnastics.

[REDACTED] has always been polite and respectful to me, her classmates, and all staff members and residents at the facility we do our clinicals. She has a good work ethic and completes her work in a timely manner. She is dependable, courteous, and responsible.

It is a joy to have [REDACTED] in my class. She demonstrates professionalism, dedication, and integrity and is always willing to help out others as needed – both in the classroom and clinical setting. She loves being around people and helping out those in need.

I respectfully ask that you give [REDACTED] full consideration for this scholarship. Her work ethic, dedication, and personal characteristics are just a few reasons why she is deserving of this scholarship. Should you have any questions, feel free to contact me at [REDACTED] @halifax.k12.va.us.

Sincerely,

[REDACTED]
